PAST TRIPS: 6a.m. Sunday Feb. 4th saw two carloads: of P.N.T.M.C. headed for Otaki Forks and Field Hut. The day proved a surprise to all after a very wet Saturday we were greeted with a bright and sunny day. Crossing the swing bridge the party sweated uphill to the bush edge and then proceeded to wade up the very muddy track reaching the hut in about two hours from our transport. A few members splashed up the still muddy track towards Vosseler, but most remained on a sunny knob in the tussock to enjoy the sunshine and terrific view. We returned to the transport by 5p.m. - a very lazy but enjoyable day.
