COMING EVENTS.

30th May CLUB NIGHT – 'STUMP THE BRAINS TRUST'

Come along armed with topographical, and geographical questions on tramping in the Tararua Ranges. e.g. "What rivers drain the slopes of Mitre Peak?" "Where is Penn Creek?" "What is the longest river in the Tararua Range?" etc. etc. Two teams of three members will attempt to answer your questions. An exciting prize will be awarded to the winning team.

Also starring twenty minutes of Peter Sutcliffe, a legend in his own time. Peter has recently been banned from club slide competitions to give less talented members a sporting chance.

ACCESS TO FRANCIS, AKATARAWA

"The usual route, from the Cloustonville Bridge on Akatarawa Road, now belongs to the Salvation Army Bridge Programme.

This property is registered under the Alcoholism, and Drug Addiction Act as a rehabilitation centre. Trespass without permission, all the taking of alcoholic drink onto the property, is therefore prohibited. The owners are also concerned that no further damage to the old woodshed by the road occurs.

However, the Salvation Army are happy for tramping parties to use the route, but they ask that parties wishing to cross the land, first telephone the manager of the Recuperation Centre (Mr. McPhee, Phone 79-768) informing him of their intentions.

FOUND

Almost new, size 36 orange skivie, from a tramp unknown, please contact James Reid, Phone 84-925.

PAST EVENTS

20-21st APRIL SHINGLE SLIP KNOB

They did their duty, they did not fail, they did not pike, they upheld the glory, and honour of our Great Club. Weather did not deter them, they completed (almost) their task, and were able to sleep the sleep of the just. Who were these steadfast heroes? Why, Tim Short, Keith Margrain, and Kevin Pearce. On the way home they observed yet another streaker (see last week's newsletter). It was indeed a streak of considerable finesse, but it ended ignominiously, with the streaker trapped in the conveniences at Holdsworth Lodge.

24th APRIL SLIDE COMPETITION

A good turnout was present to hear Mr. John Cleland judge the Club's Annual Colour Slide Competition. In general, entries were of a good standard although there were a small number, which did not fit the classes in, which they were entered, or which lacked a tramping, or mountaineering flavour. The following persons were successful:

		<u>NOVICE</u>	<u>VETERAN</u>
Scenery	1 st	Tim Short	Kevin Pearce
	2 nd	John Ogilvy	Trevor Stretton
	3 rd	Shirley Whitehead	Mary Ann Whitehead
People	1 st	Peter Croad	Lindsay Sandes
	2 nd	Glenn Steward	--
	3 rd	Tim Short	--
Flora & Fauna	1 st	John Ogilvy	Mary Ann Whitehead
	2 nd	Peter Croad	--
	3 rd	Tim Short	--

It is clear that those who go on Christmas Trips are at an advantage compare with the stay-at-homes!

27-28th APRIL SAREX

the Palmerston North Police District Annual search, and rescue exercise (SAREX) was held at Camp Peak 27-28th April, 5 Club members in attendance. Saturday was spent on class room work, interspersed with practical exercises. The helicopter, which was to be used in conjunction with Sundays mock search was grounded at New Plymouth by the weather, and had to be done without. Two "injured" persons were successfully located, and rescued on the Sunday.

The SAREX departed considerably from the pattern of previous years, and the Horowhenua SAR subcommittee is to be complemented on the success of the weekend. Club members taking part were: Keith Margrain, Keith Potter, Kevin Pearce, Brad Owen, and Trevor Stretton.

2nd MAY PNTMC VERSUS MASSEY DEBATE

On Thursday the 2nd of May 1974 Messrs James Reid, Kevin Pearce and Brad Owen defeated the Massey University Alpine Club debating team on their own ground. The Massey team of Colin Abbott, Nigel Bowen, and July Wagner presented a highly entertaining attack in an attempt to prove that "Trampers are Ecologically Catastrophic". We all enjoyed Nigel Bowen's performance of the more popular "bush sports" including some fishing, shooting, and camp cooking.

Colin Abbott's trampers with a small "t" and a Heavy Trudge clashed with a working

class Dr. Pearce and his angelic Trampers with a capital "T". The thoughts of Dr. Kevin on the magnitude of the catastrophic events, and the testimony of Brad Owen on the rugged tolerance of the wild mountain environment found favour with the judge Dr. Turzagghi, and Massey team was humble awarded the apple pie.

A film on skiing, and an excellent supper with fruit cake completed a very successful evening.

Thanks to Brad Owen the club had a banner under, which to parade on the evening.

4-5th MAY TUKITUKI RIVER

Age Gives Wisdom.

Early on Saturday morning, members of PNTMC intended to set off for Howletts Hut. 6.00 departure time found James still peacefully sleeping, having slept through his alarm clock. 6.30 found 3 young wippersnappers around at 28 Carroll Street, rudely awakening the inhabitants thereof.

By 7.00 the party hit the trail, and headed for the Tukituki River, having got separated from Pete within the City itself. John resisted the temptation to dump one youngster on the way, who frowned upon his driving.

We waded up the Tukituki River, nobody quite sure where Daphne Hut was, and Vivian our supposed guide was little help there.

By the time we reached the Hut, James felt it was time to rest for the night, especially when 2 NZFS workers told the party it was a steep climb to Howletts. After some vacillation all the rest of the party headed for Howletts, leaving James in his warm abode.

The next morning the Howletts party came down to join him for a cup of tea. All set off down stream towards the Pikers Party who had just come for the day. We were told horrific tales of the cold in Howlett's.

One of the party in the F.E. group tore a tendon, Mr. & Mrs Speller are still deciding who ought to be horsewhipped, Martin, or the lunatics who thought up the tramp from Rangī! We hope to see you out again before too long Martin -- no Madam, don't keep him on a lead, he likes his exercise, and in all sports there is an element of risk, as has tramping Father knows.

Excitement didn't end with the completion of the walk, for we decided to call on a cafe in Dannevirke, which had just suffered a power cut. The staff had been trained by Messrs Laurel, and Hardy!
