NOTICES

Phone: James Read 73-543
2. Found. Keith Margrain (79-393) has in his possession one Grivel ice axe left at Massey Hut after the Club's Basic Snowcraft course.
3. Greetings from Abroad. Heather Crabb has received a letter from Vivian Mawson who sends greetings to her tramping friends.
4. The Plate at the Door. Observant persons may have noticed the Plate at the Door at Club Nights. It's for donations towards the cost of hall hire and supper. Has your donations kept up with inflation? (We very much want to avoid having a policeman at the door to collect cash).

5. SAR Manual. Copies of the recently published search and rescue manual can be borrowed from Librarian, Peter Croad. All SAR team leaders should have a knowledge of its contents.
6. Requirements for Membership. Persons wishing to become members must (i) go on two Club trips (ii) make written application on the form available from the membership convenor – a mover and seconder is required (iii) pay the current subscription – this reduces as the financial year progresses.
7. Resignation. Senior Sergeant Keith Wrigley has resigned from the Police Force. Many of our members got to know Keith through his work in search and rescue. We wish him well in his new occupation of dairy proprietor.
8. Bridge Peak. formerly West Peak (near Mount Hector) has been renamed in memory of Bill Bridge, “Mr Search and Rescue”. This change avoids the confusion caused by having two West Peaks in the Tararua.

PAST EVENTS

3 October – Trip up North Ohau

Owing to a couple of last minute withdrawals 6 hardy PNTMC puddle jumpers squeezed into a 4 seater car and headed for the mist and rain of Ohau.

After being escorted to the bush track by the resident heifers we settled into a healthy plod up the track towards Ohau Hut. After eating our morning tea in this veritable palace we decided to have lunch and watched the raindrops falling. After waiting a respectable length of time the rain was falling even harder and the river was starting to rise so we decided to return to the car.

The weather turned out to be as unpredictable as usual and started to clear up later on but by that stage we had set our sights on milkshakes at Levin. On arriving back in Palmerston we all had soup, coffee and home baked bread – courtesy of Kay and Neil. All in all it was a most enjoyable trip in spite of the miserable weather.

Those on the trip were – Kay and Neil Jackson, Sarah Godfrey, Jenny Maessen, Harry Verwey, Peter Croad.
