PAST EVENTS

LABOUR WEEKEND – RAINBOW VALLEY

Terry Crippen and Trevor Bissell accompanied three WTMCs (Paul Richardson, Dave
Wills and Dan Wilson) to the S.E. corner of the Nelson Lakes National Park. Access was
gained via the State Hydro road up the Wairau Valley to the Rainbow junction. The route led
from the Rainbow Headquarters over the ridge north of McKay, up the Sabine, over to the
Paske and out. McKay and Franklin were climbed on route.

TARARUA BISCUIT COMPETITION

Tararua biscuits are used as a bread substitute on long tramping trips. They should
remain fresh for a long time and should withstand the physical punishment of being
repeatedly rammed into already over full packs.

Six people supplied biscuits. These were subjected to a double drop test (from the
ceiling to the floor), several blows from an ice hammer, were soaked in water for over one
hour, were visually assessed and 'wait for it' – two brave souls even tasted them.

Carol's biscuits were judged the least acceptable and in punishment she had to eat a
milk biscuit whose past history was in doubt.

16th November DAY TRIPS TO OHAU / WAIOPEHU

A large gathering gathered at Ohau Road end on Sunday morning. Eric van Toor,
Carol Cullen, Terry Crippen, Roddy Henderson and John Sleep weren't seen for the dust as
they took off up the Ohau to Gable End Ridge, Waiopehu and out the Makaretu River.
Apparently Terry turned back at one stage as a cripple – and hobbled back to the car.

The meeker ones of us had a leisurely wander up Waiopehu Ridge – wallowing in the
mud on the way. Lunch stop and brew was at Edward's Shelter and then some of us went on
to Waiopehu Hut before turning around. Terry had a brew waiting for us on our return to the
car.

The group was Barbara McArdle, Peter McARdle, Allan Dunn, Jo Eder, Russ, Tricia,
Lisa and Jimmy Hargreaves, Dave McFarlane, Sally ? and Chrissie Elliot. A good day's
outing.

23rd November COPPERMINE CREEK

On a wet, watery, windy, wintry morning at the beginning of summer 10 assorted
people from 8 years old upward, and a dog, ploughed through the rather swollen, brown river
to the hut. Russ had the billy boiling soon after the stragglers arrived. Alannah, the dog, was
dried off on Heather's shirt and the Children were warmed up with tea.

The rain eased off and everyone was eager to be off – somewhere – anywhere. Four
went upstream to inspect the mine shaft and ironmongery and the rest climbed up onto the
ridge behind the hut.

We rendezvoused at the hut for lunch and lots of hot tea then made our way back to
the cars early as the river was rising. Glenn, the gallant knight, often has to carry Alannah
across the river.

Those taking part: Russ, Lisa, Patricia and Jimmy Hargreaves, Rosemary and
Alannah Hall, Glenn Osborne, Paul Boeming, Irene Butcher, Neil Wallace, and Heather
Crabb.

LAST FORMAL CLUB NIGHT

Neil Wallace, Trev Bissell, and Kevin Pearce presented slides of various south Island areas and North Island to induce some keenness into the coming one or two or three months of tramping.

29th November KUMETI ROUNDABOUT

The Maharahara Track seemed to be a good place to take Russ's small children, but they piked and went to Grandma's. thus Russ, Jimmy, Lucy and Trevor ascended the track on the spur south of the Kumeti Stream to be greeted by a wall of mist and rain. Obviously no views would be had from Maharahara so we investigated the track along the ridges towards Oruakeretaki Stream. Tiring of track walking a 2½ km bush bash was used to reach the farmland again.

Trip members: Russ Hargreaves, Jimmy Hargreaves, Lucy Davies and Trevor Bissell.

30th November KAPITI ISLAND

The launch operator described the seas as "slight" and reassured his passengers that the boat would recover from a roll to any angle! We were running against the swell and so the "chunder bucket" indulged in a sharp pitching motion. Our team scored 3 "chucks" but the opposition group (also 12 in number) won with 4.

All enjoyed the bird life on the Island (the wekas and kakas expect to be fed at all times and the ranger's wife entreated us to use cheese and dates rather than junk food). It seems that the birds do not know what is good for them either.

Kapiti is a good place for native ground birds since stoats, weasels, feral cats and especially the "ship rat" are absent. Attempts are being made to rid the Island of the opossum.

The return trip to Paramatta harbour was made in a following sea with only a gentle pitch and yawing motion; chunder score 0 all. Considerable excitement was generated by the sighting of porpoises close to the boat.

Party: Trevor Bissell, Julie Cade, Carol Cullen, Gary MacKay, Nigel Seebeck, don Scott, Mike Freeman, Paul Boeming, Jenny Merton, John Sleep, Peter Wiles, Trevor Brill.

CHRISTMAS AT RANGI

Some very keen people plus friends from Colombo St., flat decided to take a very early start Saturday morning i.e. 2.30 a.m. while the rest of us left at a reasonable hour from the Supersave carpark around 7.30 a.m. The day was absolutely beautiful – hardly a cloud in the sky or a breath of wind. It's amazing what Huey will do when you learn the right knack of asking him.

Very loud, out of tune singing was taking place when the second to last party arrived on the scene. It soon stopped and then it was all hands in to preparing dinner for 28 of us. It was all good fun with lots of cheer with many thanks to those who helped in the preparation of food.

Those who attended were: Jo Eder, Barbara McArdle, Debbit Hunt, Trevor Brill, Lucy Davies, Alan Dunn, Russ Hargreaves and three children, Terry Crippen, Jenny, Roddy Henderson, Peter Darragh, Carol Cullen, Eric van Toor, John sleep, Tim short, Philip Budding, Lawson Pither, Sue Streeter, Heather Crabb, Chrissie Elliot, Peter Wiles, Don French, Leonie and Dianne Stanley.

A BRIGHT AND MERRY CHRISTMAS TO YOU ALL AND AHPPY TRAMPING IN 1981.
