**PREVIOUS TRIPS:****EASTER – NELSON LAKES**

Easter time saw Nelson Lakes National Park overrun (or over tramped) by P.N.T.M.C. trampers. Fifteen of us travelled down, weathering a rough crossing and Trev's van remarkably well.

An early start was got by not going to sleep/bed and dawn saw us heading off in three groups towards Mole Saddle from the Matakītiki Valley. Five of us set off on a tramp over to St Arnaud:- Terry Crippen, John Barkla, Peter Wiles, Julian Dalefield and Carol Cullen. Up over Moll Tops we had fresh snow and good views. Dropping into the D'Urville River, Terry sprained his ankle so, deserted by us. He spent the next few days making his way slowly down river. The remaining four of us continued on the planned route over Moss Pass to Blue Lake from which we made a novel, knee-scraping ascent of Mt Franklin. From there, we travelled down the Sabine River and out over Mt Cedric and Robert Ridge at a fast pace in blizzard conditions. We reached St Arnaud just in time to catch the van back to Palmerston North.

**15 May 1982 – MAHARAHARA RUAHINE CROSSING**

The weather forecast was not very promising and consequently our expectations were modest. The weather was better than expected and was therefore enjoyed as a bonus. We crossed from Opawe to Kumeti Roads via Maharahara Peak on good tracks. Kevin only went as far as the summit and then went back and drove around to pick us up. Before he left us he gave us some misleading information and also a piece of survival equipment (a tent fly). We had an interesting time getting to the correct road end. Those taking part were: Martin Dickson, Malcolm MacArthur, Dianne Miller and Kevin Pearce.

**Route Information:** A poled route leaves Opawe Road at GR359601 and goes to the hut located at GR364591 (not as marked on NZMS 1 N144 3rd ed.). The track then goes directly to Maharahara and has one short very steep section. A branch track leads back down to the bush edge at GR369598). A little east of Matanginui peak the track forks. One branch leads to Oruakere-tahi Stream which can be followed down to Fairbrother Road. The other branch leads to Kumeti Hut located at GR436578 on the true left fork. The Stream is followed down to a picnic area at the end of Kumeti Road. Crossing time 3 - 5 hours.
